

The
Lions International Trading Pin Club
Presents The Pin Series

ANIMALS &

TRAINS

Edited & Published by

Guidelines

1 July 2016

1. All pins issued with the theme of the series between 1 July 2016 and 30 June 2018 will be eligible for the catalog.
2. If you did not issue the pin yourself and the pin or pins are issued by an individual Lions club or other Lions entity, or a non-pin trader, it is YOUR responsibility to obtain the needed permission to include them in the catalog. Consideration of whether the issuing authority has a sufficient quantity to meet the needs/desires of the pin traders is always an important factor.
3. Monthly updates will be issued if the number of new items is sufficient. Generally, updates will be issued during the last week of a month and the pins included therein are intended to reflect the items that will be available at the next pin swap.
4. Every effort should be made to keep the number of pins in a given set to a maximum of 12.
5. The biggest complaint about prior series has been a set with a single image and only a color change on each pin. Many traders objected to these designs, and felt that each pin in a set should have a distinctive image to prevent taking up unnecessary space in a collection. We urge you to consider this when developing sets. Some have indicated they will not collect these types of sets in this series. **If all pins in a set are identical except for the name of the trader, we will show only one pin and merely list the other participants by name.**
6. When selecting the participants in a set, please avoid including non-pin traders or individuals who will not trade by mail.
7. There are no objections to cartoon type pins provided they are in good taste and do not violate trade mark and/or copyright provisions. Should there be any questions or objections whatsoever to your using such images, it will be YOUR responsibility to resolve the matter.
8. In order to maintain a high degree of quality in the production of updates, we will NOT accept pictures of pins or artwork of pins for inclusion in the catalog as a substitute for the actual pin. In this connection, you should be prepared to provide one of each pin you wish to have included in a particular update to PCC Bill Smith, 3643 Osborne Drive, Warrenton VA 20187. He will buy or trade for the pins, based on your desires, or if you wish, will return the pins provided you are agreeable to pay the return mailing costs.
9. For purposes for this series, an animal is defined as any fish, insect, reptile or mammal that was hatched or born. **It does NOT include human beings, birds, or mythical monsters such as dragons or serpents of that nature.** If you have any questions whatsoever about the eligibility of the subject of a pin, we urge you to contact PCC Bill Smith prior to ordering your pin. Lion Bill can be reached by email on tabs52@comcast.net or by telephone 540-349-2748.

NOTE: It may not always be possible, but we will do our best to keep the Animals together on a page and the Trains together on another one.
