## ARGENTINA

**Argentina** officially the **Argentine Republic**<sup>[A]</sup> (Spanish: *República Argentina*), is a country in the southern half of **South America**. It shares the bulk of the **Southern Cone** with **Chile** to the west, and is also bordered by **Bolivia** and **Paraguay** to the north, **Brazil** to the northeast, **Uruguay** and the **South Atlantic Ocean** to the east, and the **Drake Passage** to the south. Argentina covers an area of 2,780,400 km<sup>2</sup> (1,073,500 sq. mi) and is the largest **Spanish-speaking** nation in the world. It is the **second-largest country in South America** after **Brazil**, the fourth-largest country in the **Americas**, and the **eighth-largest country** in the world. Argentina is subdivided into twenty-three **provinces**, and one **autonomous city**, which is the **federal capital** of the nation, **Buenos Aires**. The provinces and the capital have their own constitutions, but exist under a **federal system**. Argentina claims sovereignty over a part of **Antarctica**, the **Falkland Islands** and **South Georgia and the South Sandwich Islands**.

The earliest recorded human presence in modern-day Argentina dates back to the **Paleolithic period**.<sup>[19]</sup> The **Inca Empire** expanded to the northwest of the country in Pre-Columbian times. The country has its roots in **Spanish colonization** of the region during the 16th century.<sup>[20]</sup> Argentina rose as the successor state of the **Viceroyalty of the Río de la Plata**,<sup>[21]</sup> a Spanish **overseas vice-royalty** founded in 1776. The **declaration and fight for independence** (1810–1818) was followed by an **extended civil war** that lasted until 1861, culminating in the country's reorganization as a **federation**. The country thereafter enjoyed relative peace and stability, with **several waves of European immigration**, mainly **Italians** and **Spaniards**, radically reshaping its **cultural** and **demographic** outlook; 62.5% of the population has full or partial Italian ancestry, and the **Argentine culture** has significant connections to the **Italian culture**.

The almost-unparalleled increase in prosperity led to Argentina becoming the seventh-wealthiest nation in the world by the early 20th century.<sup>[25][26][27]</sup> According to the **Maddison Historical Statistics Project**, Argentina had the world's highest **real GDP per capita** during 1895 and 1896, and was consistently in the top ten before at least 1920.<sup>[28][29]</sup> Currently, it is ranked **71st in the world**. Following the **Great Depression** in the 1930s, Argentina descended into political instability and economic decline that pushed it back into underdevelopment,<sup>[30]</sup> although it remained among the fifteen richest countries for several decades.<sup>[25]</sup> Following the death of President **Juan Perón** in 1974, his widow and vice president, **Isabel Martínez de Perón**, ascended to the presidency. She was overthrown in 1976 by a **military dictatorship**. The military government persecuted and murdered thousands of political critics, activists, and leftists in the **Dirty War**, a period of **state terrorism** and civil unrest that lasted over until the election of **Raúl Alfonsín** as president in 1983. Argentina ranks very high in the **Human Development Index**, the second-highest in **Latin America** after **Chile**. It is a **regional power**, and retains its historic status as a **middle power** in international affairs. It maintains the **second-largest economy** in South America, and is a member of **G-15** and **G20**. Argentina is also a founding member of the **United Nations**, **World Bank**, **World Trade Organization**, **Mercosur**, **Community of Latin American and Caribbean States** and the **Organization of Ibero-American States**.
