

## SWITZERLAND - MD 102

**SWITZERLAND** - The Swiss Confederation is traditionally dated to August 1, 1291, which is celebrated annually as Swiss National Day. The country has a long history of armed neutrality and has not been in a state of war internationally since 1815. However, it does pursue an active foreign policy and is frequently involved in peace-building efforts around the world. It is the birthplace of the Red Cross and is home to numerous international organizations. Switzerland is not a member of the European Union and as such does not use the Euro currency. Switzerland joined the International Association of Lions Clubs in 1948 and the oldest active club is Geneva.
