MISCELLANEOUS PINS

These three appear to be variations of the 1978 pin. (1) The year has larger lettering, the figure "7" is different with the top line being a change in style. (2) The lettering of INDIANA has more spacing between the N and the D. (3). The Reverse of the pin is plain and has no "R" symbol as does the regular issues. We do not know if these are samples or actual variations., thus we are showing them in this Miscellaneous Section.
